

Since the day it's established, Army of Free and only true Korean's People, showing us power of People and Truth. Not working for making the rich, richer, not for terror around world but for protecting the people. Firstly thanks to Comrade Marshal Joseph Stalin for his contrubition to Korean People's Army, without his supports KPA wouldn't today's KPA.

We can proudly say that today our KPA is one of the strongest power in the world. And as we know this is happening not because it's an imperialist power but due to our succesful leaders, their theory and most important is strong people of Korea.

During that 75 years we had incredible development and we are sure that we will have more 75 years succesfully. Forward! With the science of Juche and leadership of Kim Jong-Un!
